

Project Name: DeepL di BIGIO (<https://www.deepl.com/translator>)

Modul Name: Registrasi DeepL

Tester Name: Angelica Theresia Manuurng

Created Date: 2024-01-18

**Table 1. Pengujian Register**

Test Case ID	Test Scenario	Feature	Type	Test Case	Pre-Condition	Steps	Expected Result	Actual Result	Result
RE_001	User interface	User Interface	Positive	Memastikan semua button, text, judul, dll berada pada posisi yang ditentukan	1 User sudah mengakses <a href="https://www.deepl.com/translator">https://www.deepl.com/translator</a>	1 Melakukan Pendaftaran	UI ditampilkan dengan baik	UI ditampilkan dengan baik	TRUE
					2 User sudah memilih menu Login dan memilih menu Sign Up	2 Mengecheck semua tampilan halaman			
RE_002	Functional click	Functional click	Positive	Pastikan semua button bekerja sesuai fungsinya	1 User sudah mengakses <a href="https://www.deepl.com/translator">https://www.deepl.com/translator</a>	1 Melakukan Pendaftaran	Button dapat diklik sesuai fungsinya	Button dapat diklik sesuai fungsinya	TRUE
					2 User sudah memilih menu Login dan memilih menu Sign Up	2 Mengecheck semua fungsi klik yang terdapat pada website			
RE_003	Registrasi	Required Fields	Positive	Berhasil melakukan Registrasi	1 User sudah mengakses <a href="https://www.deepl.com/translator">https://www.deepl.com/translator</a>	1 Mengisi textbox email	Menampilkan pesan berhasil melakukan pendaftaran	Menampilkan pesan "Your DeepL has been created"	TRUE
					2 User sudah memilih menu Login dan memilih menu Sign Up	2 Menekan tombol lanjutkan Mengisi textbox password 3 password			

Test Case ID	Test Scenario	Feature	Type	Test Case	Pre-Condition	Steps	Expected Result	Actual Result	Result
RE_006	Registrasi	Required Fields	Negatif	Mengisi textbox email yang sudah terdaftar	1 User sudah mengakses <a href="https://www.deepl.com/translator">https://www.deepl.com/translator</a>	1 Mengisi textbox email dengan email yang sudah terdaftar	Menampilkan pesan tidak dapat melanjutkan pengisian serta alasannya	Menampilkan pesan "The email address is already in use."	TRUE
					2 User sudah memilih menu Login dan memilih menu Sign Up	2 Menekan tombol lanjutkan			
						Mengisi textbox password			
						Mengklik centang untuk persetujuan pembaharuan real-time			
						5 Menekan tombol submit			
RE_007	Registrasi	Required Fields	Negatif	Mengisi textbox password dengan format yang salah	1 User sudah mengakses <a href="https://www.deepl.com/translator">https://www.deepl.com/translator</a>	1 Mengisi textbox email	Menampilkan pesan tidak dapat melanjutkan pengisian serta alasannya	Menampilkan pesan "Your password is too short. It must contain at least 8 characters"	TRUE
					2 User sudah memilih menu Login dan memilih menu Sign Up	2 Menekan tombol lanjutkan			
						Mengisi textbox password tidak sesuai dengan ketentuan			
						Mengklik centang untuk persetujuan pembaharuan real-time			
						5 Menekan tombol submit			
RE_008	Registrasi	Required Fields	Negatif	Tidak mengisi password	1 User sudah mengakses <a href="https://www.deepl.com/translator">https://www.deepl.com/translator</a>	1 Mengisi textbox email	Menampilkan pesan tidak dapat melanjutkan	Menampilkan pesan "This is required information"	TRUE
					2 User sudah memilih menu Login dan memilih menu Sign Up	2 Menekan tombol lanjutkan			

Test Case ID	Test Scenario	Feature	Type	Test Case	Pre-Condition	Steps	Expected Result	Actual Result	Result
					Tidak mengisi textbox 3 password		pengisian serta alasannya		
					Mengklik centang untuk persetujuan pembaharuan 4 real-time				
					5 Menekan tombol submit				
RE_003	Registrasi	Required Fields	Negatif	Gagal karena Tidak ada koneksi internet	1 User sudah mengakses <a href="https://www.deepl.com/translator">https://www.deepl.com/translator</a>	1 Mengisi textbox email	Menampilkan pesan error "Tidak terhubung dengan server, pastikan anda terhubung dengan jaringan"	Menampilkan pesan "Sorry, there was a problem with the security check. Please try again or contact your administrator. Check out our Help Center if the problem continues."	TRUE
					2 User sudah memilih menu Login dan memilih menu Sign Up	2 Menekan tombol lanjutkan			
						Mengisi textbox 3 password			
						Mengklik centang untuk persetujuan pembaharuan 4 real-time			
						5 Menekan tombol submit			

## KODE DAN HASIL REGISTER

- RE\_003

KODE:

The screenshot shows the Eclipse IDE interface with the following details:

- Title Bar:** UTS\_Praktikum\_007 - Test\_BigIO/test/Register.robot - Eclipse IDE
- Project Explorer:** Shows the project structure with files like 'geckodriver-1.log', 'log.html', 'output.xml', 'red.xml', 'report.html', 'selenium-screenshot-1.png', and 'selenium-screenshot-2.png'.
- Editor:** Displays the 'Register.robot' file content in Robot Framework syntax. The current line is highlighted: 'Input Text //\*[@id="signup-account-password"] Angelc4n1k.'
- Outline View:** Shows the test structure with 'Test Cases' expanded, listing various steps like 'Open Browser', 'Set Selenium Implicit Wait', 'Click Element', etc.
- Bottom Panels:**
  - Console:** Shows the execution results: '1 test total, 1 passed, 0 failed'.

```
<terminated> Register.robot (Selected Test Cases) [Robot] C:\Users\ASUS\AppData\Local\Temp\pybot\pybot-2023-07-10-16-57-08\pybot.log
1 test total, 1 passed, 0 failed
=====
Test BigIO
1 critical test, 1 passed, 0 failed
1 test total, 1 passed, 0 failed
=====
```
  - Message Log:** Shows 'Tests: 1/1'.
  - Execution View:** Shows 'Passed: 1'.
  - Output:** Shows the output path: 'D:\UTS\UTS\_Praktikum\_007\Test\_BigIO\output.xml'.
  - Log:** Shows the log path: 'D:\UTS\UTS\_Praktikum\_007\Test\_BigIO\log.html'.
  - Report:** Shows the report path: 'D:\UTS\UTS\_Praktikum\_007\Test\_BigIO\report.html'.

Hasil:

A screenshot of the DeepL Translate website (https://www.deepl.com/translator) viewed in Microsoft Edge. The page features a green header bar with the DeepL logo and 'Translator' dropdown. Below the header are three main buttons: 'Translate text' (31 languages), 'Translate files' (.pdf, .docx, .pptx), and 'DeepL Write' (BETA, AI-powered edits). The main content area has 'Detect language' and 'Indonesian' dropdowns. A large text input field says 'Type to translate.' Below it, instructions say 'Drag and drop to translate PDF, Word (.docx), and PowerPoint (.pptx) files with our document translator.' A dark blue footer bar at the bottom contains the text 'DeepL uses cookies. For further details, please read our [Privacy Policy](#)' and a 'Close' button.

- Title Bar:** UTS\_Praktikum\_007 - Test\_BigIO/test/Login.robot - Eclipse IDE
- Menu Bar:** File Edit Navigate Search Project Run Window Help
- Project Explorer:** Shows the project structure with files like ProjekApplication.java, Register.robot, Test\_BigIO/red.xml, \*Login.robot, and ResetPassword.robot.
- Outline View:** Shows the test cases Login2 and Login3 under the Login.robot file.
- Code Editor:** Displays the test code for Login2 and Login3. The code uses Robot Framework keywords to open a browser, log in, and close it, with various sleep and log statements.
- Test Cases Tab:** Shows the selected test cases: Login2 and Login3.
- Console Tab:** Displays the execution results:
  - <terminated> Login.robot (Selected Test Cases) [Robot] C:\Users\ASUS\AppData\Local\Programs\Python
  - Test BigIO
  - 1 critical test, 1 passed, 0 failed
  - 1 test total, 1 passed, 0 failed
- Output Tab:** Shows the output path: D:\UTS\UTS Praktikum 007\Test\_BigIO\output.xml
- Log Tab:** Shows the log path: D:\UTS\UTS Praktikum 007\Test\_BigIO\log.html
- Report Tab:** Shows the report path: D:\UTS\UTS Praktikum 007\Test\_BigIO\report.html
- Message Log:** Shows 1 test run, 1 passed, 0 failed.
- Execution View:** Shows a tree view of the test execution: Test BigIO (70.660 s) > Test (70.640 s) > Login (70.633 s).

The screenshot shows a Microsoft Edge browser window with a green header bar. The title bar says "DeepL Login". The address bar shows the URL "https://www.deepl.com/login". Below the address bar, a status message reads "Microsoft Edge is being controlled by automated test software." The main content area is a login form with a dark blue header containing the text "Log in to your account". Below the header, there's a "Don't have an account? [Sign up](#)" link. The "Email" field contains "lugua@gmail.com" and the "Password" field contains a masked password. A large dark blue "Log in" button is centered below the fields. To the right of the button, a red rounded rectangle contains an exclamation mark icon and the text "Your login info is not correct. Please check your email and password and try again." At the bottom of the page, a dark blue footer bar displays the text "DeepL uses cookies. For further details, please read our [Privacy Policy](#)." On the far right of the footer, there's a "Close" button. The right side of the browser window features a vertical toolbar with various icons for file operations, search, and other functions.

## KODE dan HASIL

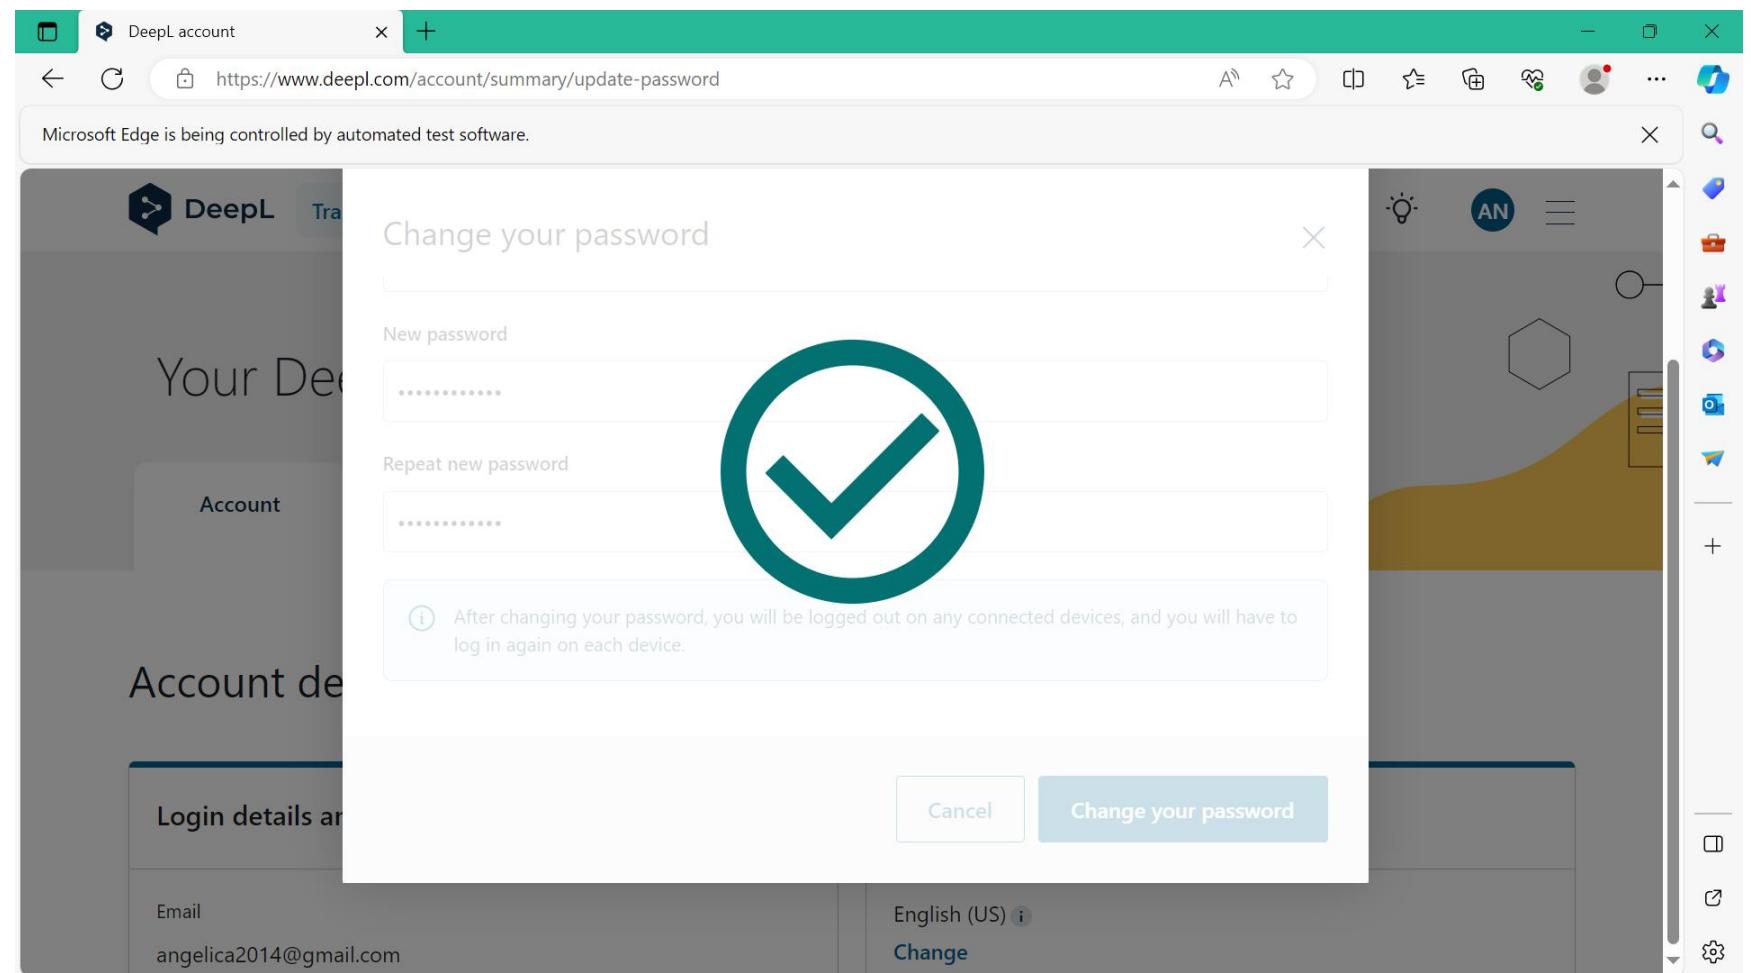

- RP\_003

Kode:

The screenshot shows the Eclipse IDE interface with the following details:

- Project Explorer:** Shows the project structure with files like ProyekApplication.java, Register.robot, Test\_BigIO/red.xml, Login.robot, and the current file, \*ResetPassword.robot.
- Editor:** Displays the content of the \*ResetPassword.robot file. The code is a Robot Framework test case for resetting a password. It includes steps for opening a browser, setting implicit wait, clicking elements, inputting text, and performing sleeps. The code also handles dropdown menus and form inputs.
- Outline View:** Located on the right side, it lists all the keywords used in the test case, such as Open Browser, Set Selenium Implicit Wait, Click Element, Sleep, Input Text, and Log.
- Console View:** Shows the execution results of the test case. It indicates 1 critical test, 1 passed, 0 failed. The output path is D:\UTS\UTS Praktikum 007\Test\_BigIO\output.xml.
- Message Log View:** Shows the test results: Tests: 1/1, Passed: 1, Failed: 0. It also displays the execution time for each step: Test BigIO (71.719 s), Test (71.692 s), ResetPassword (71.687 s), and ResetPassword3 (71.466 s).

The screenshot shows a Microsoft Edge browser window with a green header bar. The address bar displays the URL <https://www.deepl.com/account/summary/update-password>. A status message at the top of the page reads "Microsoft Edge is being controlled by automated test software." The main content area is a "Change your password" dialog box. It contains two input fields: "New password" with the value "....." and "Repeat new password" with the value ".....". Below these fields is an error message: "Passwords do not match.". A tooltip provides information: "After changing your password, you will be logged out on any connected devices, and you will have to log in again on each device." At the bottom of the dialog are "Cancel" and "Change your password" buttons. A dark blue footer bar at the bottom of the page contains the text "DeepL uses cookies. For further details, please read our [Privacy Policy](#)." and a "Close" button. To the right of the main content area, there is a vertical sidebar with various icons and a search bar.

The screenshot shows a Microsoft Edge browser window with a green header bar. The title bar reads "DeepL account" and the address bar shows the URL "https://www.deepl.com/account/summary/update-password". A status message in the header says "Microsoft Edge is being controlled by automated test software." The main content area displays a "Change your password" form. The "New password" field contains three dots ("...") and has a red error message below it: "The password should be at least 8 characters long." The "Repeat new password" field also contains three dots ("...") and has a similar error message: "The password should be at least 8 characters long." Below the fields is a note: "After changing your password, you will be logged out on any connected devices, and you will have to log in again on each device." At the bottom of the page, a dark blue footer bar contains the text "DeepL uses cookies. For further details, please read our [Privacy Policy](#)." On the right side of the browser window, there is a vertical toolbar with various icons.

Kode:

The screenshot shows the Eclipse IDE interface with the following details:

- Title Bar:** UTS\_Praktikum\_007 - Test\_BigIO/test/UserManagement.robot - Eclipse IDE
- Menu Bar:** File Edit Navigate Search Project Run Window Help
- Project Explorer:** Shows the project structure under "Test\_BigIO".
- Editor:** Displays the test script "UserManagement.robot". The script includes imports for SeleniumLibrary and defines a UserManagement test case. It performs actions like opening a browser, logging in, navigating to a tab, and closing the browser.
- Outline View:** Shows the structure of the UserManagement test case, including its methods and steps.
- Bottom Panels:** Includes tabs for Test Cases, Keywords, Settings, Variables, and Source. The Test Cases tab is selected, showing the results of the run: 1 critical test, 1 passed, 0 failed. The execution view shows a single test run named "Test BigIO" which took 122.410 seconds.

The image shows a Microsoft Edge browser window with a green header bar. The address bar displays the URL <https://www.deepl.com/account/summary/update-name>. A message in the header bar states "Microsoft Edge is being controlled by automated test software." The main content area shows the DeepL account settings page. A modal dialog box is centered over the page, titled "Update display / team name". Inside the dialog, there is a large green circular icon with a white checkmark. Below the icon are two buttons: "Cancel" on the left and "Change name" on the right. The background of the page shows sections for "Account", "Account details", "Login details and name", and "Language". At the bottom of the page, a dark blue footer bar contains the text "DeepL uses cookies. For further details, please read our [Privacy Policy](#)." and a "Close" button. The right side of the image shows the vertical sidebar of the Microsoft Edge interface, which includes icons for various features like search, history, and extensions.
